

Query Multiple Search Engines

WebFerret works with the leading Internet search engines (including Alta Vista, Infoseek, Lycos, and WebCrawler). A single keyword search is sent to multiple search engines and the results are tallied in a single window. Results can be sorted by title, URL, or relevance score. And best of all, duplicate entries can be excluded.

The product works well on both a dialup connection and a faster, digital link. WebFerret is freeware.

An upgraded version, called WebFerret Pro is available for about \$26.

Find both products, and others, at ferretsoft.com.

Internet Explorer 4.01

Internet Explorer 4.01 with Service Pack 1 (SP1) is available for Win95 and WinNT 4.0.

A patch will soon be available for current IE4.0 users who want to only download a patch, rather than a complete version of 4.01.

Details at dgl.com/dglinfo/1998/dg980523.html.

Fast, Secure Websites

Looking for a fast, secure hosting service for your website? Our HostMaster service is 28x faster than most service providers.

Standard features include support for FrontPage 98, secure (SSL) data transactions, unlimited email aliasing, up-to-the-minute activity reports, and more.

Details about our HostMaster service are online at dgl.com.

Continuing Education

Damar Group grants continuing education units (CEU) for many classes by authority of the MD State Board of Accountancy.

CPAs, this is a reporting year. CEU credits earned at Damar Group may be used to meet your professional training requirements this year.

Infoseek Has E.S.P.

Infoseek, infoseek.com, has introduced its newest advancement in search technology, "Extra Search Precision" (E.S.P.).

E.S.P. responds with dramatically better results when you search common topics using one or two words.

With E.S.P., you get more of what you expect when searching the web.

Anti-Spam Bill Passes

The Senate has unanimously approved an anti-spam bill.

Sen. Frank Murkowski, R-Alaska, sponsored the legislation that dictates all unsolicited commercial email (UCE) must contain correct header information, a valid origination address, and valid telephone numbers.

Keep Your Cool

The most important computing task you'll have this summer is keeping your PC cool. Today's faster processors and hard drives run hot. Call and ask Dave for cooling hints.
